**Location:** Nigeria

## Professional Summary

I am a passionate and results-driven Frontend Developer with three years of experience in building and maintaining web and mobile applications. My expertise lies in creating responsive, high-performance, and user-friendly applications using modern technologies like React.js, JavaScript, HTML5, CSS3, and frontend frameworks. I have a proven track record of collaborating with teams to deliver innovative solutions and work effectively in fast-paced environments. I have contributed to projects for leading companies, including FBX and Cushy Access, ensuring scalable and user-centric applications.

## Skills:

- **Frontend Technologies:**  
React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS
- **Version Control & Collaboration:** Git, GitHub
- **Build Tools:**  
Babel, NPM, Yarn
- **APIs & Integration:**  
RESTful APIs, Axios, Firebase
- **UI/UX Design:**  
Figma, Adobe XD, Responsive Design, Mobile-first Design, Wireframing
- **Testing:**  
Jest, React Testing Library, Cypress

## Professional Experience:

### Mobile App Developer

#### *Cushy Access – Present*

- Contributed to the development and optimization of mobile applications, enhancing user experience and system efficiency.
- Focused on integrating robust features such as wallet functionalities, logistics modules, and medTech AI and more.

**Frontend Developer**  
***FBX Company – Ghana***

***November 2024 – Present***

- Developed and maintained web applications using React.js, improving user experience and engagement by 40%.
- Collaborated closely with UX/UI designers to create intuitive and responsive user interfaces.
- Implemented best practices in code quality, including code reviews and test-driven development (TDD).
- Worked on various third-party integrations (payment gateways, data APIs, etc.) to streamline user workflows.
- 

**Frontend Developer**  
***Tech Solutions Ltd. – Nigeria***  
***June 2023 – December 2023***

- Designed and developed responsive web applications using HTML, CSS, JavaScript, and React.js.
- Worked with the backend team to integrate frontend components with RESTful APIs and databases.
- Enhanced the mobile version of applications, ensuring a smooth user experience across devices.
- Optimized web performance using techniques like lazy loading, bundling, and image optimization.
- Implemented user authentication features using OAuth for secure access management.

**Education:**

Bachelor of Science in Computer Science  
Federal University of Technology Minna, Nigeria  
Currently in 2nd Year, Expected Graduation: 2028

**Certifications:**

**Responsive Web Design Certification** – Paritie, 2023

**Languages:**

- **English:** Fluent
- **Yoruba:** Fluent
- **Hausa:** Native
