Professional Summary:

I am a passionate and results-driven Frontend Developer with 3 years of experience in building and maintaining web applications. Expertise in creating responsive, high-performance, and user-friendly websites using modern technologies like React.js, JavaScript, HTML5, CSS3, and frontend frameworks. I have a proven track record of collaborating with teams to deliver innovative solutions and work effectively in fast-paced environments. Experienced in working with leading companies like FBX to deliver scalable and user-centric applications.

Skills:

- **Frontend Technologies:**
  React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS

- **Version Control & Collaboration:**
  Git, GitHub

- **Build Tools:**
  Babel, NPM, Yarn

- **APIs & Integration:**
  RESTful APIs, Axios, Firebase

- **UI/UX Design:**
  Figma, Adobe XD, Responsive Design, Mobile-first Design, Wireframing

- **Testing:**
  Jest, React Testing Library, Cypress

Professional Experience:

Frontend Developer

FBX Company – Ghana
November 2024 – Present

- Developed and maintained web applications using React.js, improving user experience and engagement by 40%.

- Collaborated closely with UX/UI designers to create intuitive and responsive user interfaces.

- Implemented best practices in code quality, including code reviews and test-driven development (TDD).

- Worked on various third-party integrations (payment gateways, data APIs, etc.) to streamline user workflows.

-

Frontend Developer

Tech Solutions Ltd. – Nigeria
June 2023 – December 2023

- Designed and developed responsive web applications using HTML, CSS, JavaScript, and React.js.
- Worked with the backend team to integrate frontend components with RESTful APIs and databases.
- Enhanced the mobile version of applications, ensuring a smooth user experience across devices.
- Optimized web performance using techniques like lazy loading, bundling, and image optimization.
- Implemented user authentication features using OAuth for secure access management.

Education:

Bachelor of Science in Computer Science
Federal University of Technology Minna, Nigeria
Currently in 2nd Year, Expected Graduation: 2026

Certifications:
